CERTIFICATE OF CONFORMITY

No.121 23 02 15234255 0004

The certifying body recognized under construction law

TÜV SÜD Industrie Service GmbH
Institute for Plastics
Westendstr. 199
80686 Munich

confirms in accordance with Section 22, Paragraph 2, Number 2
of the Building Code of the State of Baden-Württemberg
that the construction product:

**Filling system "DE-A-01" with integrated ventilation and extraction
line for fuel oil tank systems**

in accordance with the general technical approval No. Z-40.7-459

of the manufacturing plant:

Dehoust GmbH
Gutenbergstraße 5-7
69181 Leimen

according to the results of the factory production control and to the
results of external monitoring carried out by the inspection body
recognized by the construction authorities

TÜV SÜD Industrie Service GmbH
Institute for Plastics
Westendstraße 199
80686 Munich

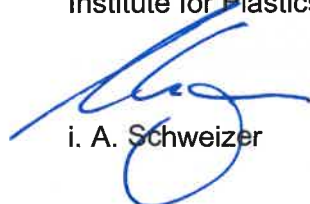

complies with the provisions of the general technical approval.

The manufacturer is thus authorized to label
the construction product with the seal of conformity (C seal: "Ü")
in accordance with the Seal of Conformity Ordinance.

Valid until: January 2, 2024

München, February 3, 2023

TÜV SÜD Industrie Service GmbH
Institute for Plastics
